

Andrea Morandini

Andrea Morandini was our very first Italian customer. Andrea makes a version of bagpipes commonly called Uilleann Pipes or Union Pipes and sometimes called Irish Pipes, as uilleann means elbow in Irish. Andrea tells us they have been used for the soundtrack of movies such as Braveheart , Titanic and The Shipping News.

Andrea writes:

Just a few words to say how much I am happy with your lathe. In short, everything in the Liberty lathe is at the state of the art, as I expected.
