

Wally Duchow

Wally Duchow is originally from Wisconsin, about an hour away from the Robust shop. He is retired and now lives in Arkansas. This is what Wally has to say about his Sweet 16:

Here's the first item I turned on my new Sweet 16. It's a 29 3/4" platter. I wanted to do 30" but the board (it's a glue up of four pieces of walnut) just wasn't quite long enough for thirty inches. I'm sure enjoying the using the Sweet 16 to make Christmas presents this year. Since I'm 75 years old at the moment, as I told my turning club, "I hope to outlast the warranty". Thanks again for a wonderful piece of equipment.
