Robust Seven Year “Head to Tail” Lathe Warranty

WHAT IS COVERED: We will, at any time within seven years from the date of delivery, repair or replace (our option) any mechanical or electrical part which is defective in materials or workmanship on any of our lathes. This includes headstock bearings.

WHO IS COVERED: The initial purchaser and on subsequent owner.

IF YOU HAVE A WARRANTY CLAIM: In all cases, return authorization must first be obtained by calling us. At its option, Robust may send a service person to the owner’s location. If the tool must be returned to Robust, the customer is responsible for packaging, shipping and insurance expenses. Insurance on return shipments is important, as Robust Tools, LLC cannot be responsible for items that do not arrive, or were damaged in shipping. Robust will pay insurance and return shipping to the customer via the lowest cost means.

OTHER WARRANTY INFORMATION: This warranty does not cover failures due directly or indirectly to misuse, abuse, negligence or accidents, normal wear-and-tear, improper repair, alterations or lack of maintenance. Robust lathes are designed to turn wood. Working with other materials may void the warranty.

Robust Tools, LLC makes no other warranty, express or implied. No agent, representative, distributor, dealer, or employee of Robust Tools, LLC has the authority to increase or otherwise change the obligations or limitations of this warranty. The obligations of Robust Tools, LLC in its sole discretion under this warranty shall be limited to the repair or replacement of any Robust lathe, tool or accessory that is found to be defective.

Robust Tools, LLC. is not liable for incidental or consequential damages, including injury or death. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific rights, and you may also have other rights, which vary, from state to state, province to province, or country to country.

This Warranty became effective June 16, 2015. Any Robust lathe made prior to that date is retroactively included.
